

	Room	KammerMS	Steiermark	Blauer Salon	KR4	KR5	KR6	KR7	CAS	
19.09.2013	8:15-8:45 Keynote 1		KN - Nelson "Micro-Surgical Robots and Nano Medicin"							
	9:00-10:30 Session 1	A FS Trends and Advances in Neural Prosthesis	N FS Cardiac Modeling		J FS Haptik für sicherheits-kritische Systeme	C FS Implantate im Kopfbereich	S FS Software for Health Care (VDE)	G Biosignal Processing - Cardiovascular System	F Biosensors & Bioanalytics	
	10:30 -11:00	Coffe Break - Exhibition								
	11:00-12:30 Session 2	A Implant Technology	N Modeling Lung & Ventilation	LFS Optimization in Medical Imaging and Image Processing	J Usability, Risk Management & Regulatory Affairs	C FS REMEDIS - Enhanced quality of life through novel implants	O FS Kardiale Prothesen	G Biosignal Processing - Central Nervous System	F Biosens. & Bioanalytics - medical applications	
	12:30-13:30	Lunch - Exhibition - Recruiting								
	13:30 -14:00 Keynote 2		KN - Kalender "Neue Entwicklungen in der Computertomographie"							
	14:15-15:45 Session 3	A Monitoring Techniques	N Cardiac Modeling	L Navigation and Tracking Techniques	K FS AAL - Alltagsnahe Assistenz-Lösungen	C FS Resorbable implants made from magnesium alloys	P Innovative Rehabilitation Technology for people with disabilities	G Biosignal Processing - Methods	O Microsystem Technology in Prosthesis	
	15:45 -16:15	Coffe Break - Exhibition								
	16:15-17:45 Session 4	A Spinal Cord Stimulation	N Modeling of Therapies & Diagnostics	L MR Particle Imaging and Nano Particle Contrast	K Home Health Care	C FS Biokompatibilität und Infektion	B Advanced Therapeutic Concepts	G Biosignal Processing - Miscellaneous topics	O Material Sciences in Implants and Artificial Organs	
	19:00-20:30 Conference Opening		Opening FV - Dimitrijevic "Spinal Brain and its control capacity"							
20:30-22:00	Get-Together									
20.09.2013	8:15-8:45 Keynote 3		KN - Lovell "Design of a Suprachoroidal Retinal Prosthesis"							
	9:00-10:30 Session 5	A FES Gait	N Modeling electrom. field problems	Q FS Surgical instruments for minimally invasive interventions	K FS Mobile Patientenüberwachung	C FS Intraluminale Stentimplantate	S Miscellaneous	G FS Free Software - impact on biosignal analysis	R Training & Simulation	
	10:30 -11:00	Coffe Break - Exhibition								
	11:00-12:30 Session 6	A FES Control	N Modeling & Simulation I	L Novel Ultrasound Application Technology	S FS Automation in Medical Technology	H Tissue Engineering - Cell culture and scaffold development		M Medizinische Informatik	R BME in medical simulation	
	12:30-13:30	Lunch - Exhibition - Recruiting								
	13:30 -14:00 Keynote 4		KN - Lenarz "Biomaterialien"							
	14:15-15:45 Poster Session Stefaniensaal	Poster Session Stefaniensaal	Poster Session Stefaniensaal	Poster Session Stefaniensaal	Poster Session Stefaniensaal	Poster Session Stefaniensaal	Poster Session Stefaniensaal	Poster Session Stefaniensaal	Poster Session Stefaniensaal	
	15:45 -16:15	Coffe Break - Exhibition								
	16:15-17:45 Session 7	A Larynx Applications		L Multimodality Based Micro Imaging	I FS Thermo-management in der Neonatologie	C Tissue Engineering & Surface Coating		G Functional Brain Signal Analysis	R Diskussion: Junges Forum trifft alte Hasen	
	19:30-23:00									
21.09.2013	8:15-8:45 Keynote 5		KN - Urban "Micro-and Nanosystems for theranostic Implants and Bioanalytics"							
	9:00-10:30 Session 8	A FES Exercising	D FS Cardiovascular Mechanics	M FS Bioinformatik	I Models & Simulation in Clinical and Ambulatory Monitoring	FS Orthopädische Implantate	E FS Continuous blood pressure measurem.	G FS BCI	R eMedTech@eUniversity	
	10:30 -11:00	Coffe Break - Exhibition								
	11:00-12:30 Session 9	A FES and Nerve	D Biomechanics	M Bioinformatik	I Monitoring & Sensors	C Local Drug Delivery	E Biomedical Instrumentation	G Brain-Computer Interaction: applications and clinical settings	R BME education	
	12:30-13:30	Lunch - Exhibition - Recruiting								
	13:30 -14:30		Presentations Laureates, Award ceremonies & Closing Ceremony							
	Afternoon	Excursion to the Styrian Wine Route								

Tracks:

A	FES
B	Advanced Therapeutic Concepts
C	Biomaterials & Biocompatibility
D	Biomechanics
E	Biomedical Instrumentation
F	Biosensors and Bioanalytics
G	Biosignal Processing
H	Cellular & Tissue Engineering
I	Clinical und Ambulatory Monitoring
J	Usability, Risk Management &
K	Home Health Care & AAL
L	Imaging & Image Processing
M	Medical Informatics & Bioinformatics
N	Modeling & Simulation
O	Prosthetics, Implants & Artificial
P	Rehabilitation Technology
Q	Surgical Technique, Robotics &
R	Training & Education
S	Miscellaneous & Special Sessions
KN	Keynotes
FV	Ceremonial Address
FS	Focussions

Freitag 20.09.2013 9:00-12:30	Science -Business Partnering - Medizintechnik Stefaniensaal http://www.b2match.eu/bmt-match2013
