About Enterprise Europe Network

Launched in February 2008 by the European Commission, The Enterprise Europe Network (EEN) is a key instrument in the European Union's strategy to boost growth and jobs. Bringing together close to 600 business support organizations from more than 50 countries, EEN helps small companies seize the unparalleled business opportunities in the EU Single Market. EEN member organizations include chambers of commerce and industry, technology centres, research institutes and development agencies. Most of them have been supporting local businesses for a long time. They know their clients' strengths and needs - and they know Europe.
